

HANDWRITING / NAME WRITING PRACTICE

Little Treasures will be using the “Handwriting Without Tears” curriculum for handwriting. The chart below details how we will teach the letters. Preschool students (3-year-olds) will primarily learn how to write upper-case letters. Pre-Kindergarten students will practice both upper- and lower-case writing.

Please help your child practice writing his/her name. You may need to guide your child’s hand at first. **ALWAYS start at the TOP of the letters.** Say the letters as you write them. Create “dotted” letters for them to trace. Practice name-spelling out loud. Thanks for your help!
